

PDGA Competition Endowment Program (CEP) Summary

The PDGA Competition Endowment Program has been created to provide a means for Tournament Directors to promote events that have traditionally been unsanctioned such as Ice Bowls and Charity events as well as events that are geared toward promoting the awareness and growth of the sport, members and association.

Eligibility:

The program is open to US events interested in running a PDGA sanctioned event that fall under one of the following two categories:

Charity Events - Events that raise money to donate to a 501c3 entity.

Developmental Events - Events promoting the awareness and growth of the sport, members and association.

All Tournament Directors interested in running an event under the PDGA Competition Endowment Program are encouraged to participate by filling out an application form along with a completed Sanctioning Agreement. All requests for events must be received no later than 45 days prior to the event.

Please note that all Competition Endowment events will be sanctioned as and must fulfill all the requirements of a PDGA C Tier. These requirements include but are not limited to the following. Please see the Tour Standards Guide and Sanctioning Agreement for a full list of requirements.

- Tournament Director must be a current PDGA member and certified official.
- Tournament Director must submit all necessary forms and fees including the sanctioning and proof of insurance fees along with a completed electronic TD report.
- All PDGA rules and policies are in effect and must be enforced.
